GROUP PROJECTS

Big Bet Sports

github.com/AlecDziwanowski/nu-project2-big-bet-sports
JavaScript, Node.js, Express.js, dotenv
Sequelize , Node MySQL 2, Glob, Handlebars, Materialize
A web application that allows users to bet on sports matchups, once they have created an account.

PERSONAL PROJECTS

Note Taker

github.com/AlecDziwanowski/HW11-NoteTaker
Node.js, Express.js, Bootstrap
A web application with a backend built in Express.js that maintains notes written and saved by the user.

E-Commerce Backend

github.com/AlecDziwanowski/HW13-E-Commerce
Node.js, Express.js, MySQL2, Sequelize, dotenv
Backend for an e-commerce web application, built in Express.js. The front end for this application has not yet been deployed. The backend creates a seeded database that can accept CRUD operations from the user.
